Acting Chief, Basic Intelligence Division, RR

25X1X7 [REDACTED] request for NIS

1. The attached request from [REDACTED] 25X1X7
will require IAC action. Suggest comment to OOD along the following
lines:

25X1X7 This Office interposes no objection to the dissemination
to [REDACTED] of uncontrolled NIS
elements on the Pacific, Far East, and Southeast Asian countries.
However, authorization for such dissemination must, of course,
be obtained from the IAC pursuant to IAC-D-45/2 dated 31 March
1952.

With respect to the areas involved in [REDACTED] request, 25X1X7
attention is invited to the fact that [REDACTED] is now 25X1X7
receiving NIS on certain specifically designated countries within
the general areas in which [REDACTED] has indicated an interest. 25X1X7
25X1X7 [REDACTED] have fixed responsibilities to [REDACTED] for 25X1X7
the countries on which they receive the NIS, and it is believed
25X1X7 that [REDACTED] area interests are the same as those of the
25X1X7 [REDACTED] Accordingly, it is recommended that the general
areas designated by [REDACTED] be 25X1X7
25X1X7 considered as covering only those NIS areas for which dissemination
of NIS to [REDACTED] has been authorized. These NIS areas are
as follows:

Borneo	Part of British Indonesia, NIS No. 44
Malaya	Part of British Indonesia, NIS No. 44
Burma	NIS No. 38
China	NIS No. 39 (Including Formosa (IV), Manchuria (II), Sinkiang (I), and Tibet (I))
Indochina	NIS No. 43
Indonesia	NIS No. 100
[REDACTED]	
Korea	NIS No. 41
Mongolia	NIS No. 40
Philippines	NIS No. 99
Thailand	NIS No. 42
Andaman and Nicobar Islands	Part of NIS No. 35, India

SECRET

25X1X7 While it is not specifically stated, it is evident that [redacted] wishes to receive all MIS which have been published on these areas to date, and also receive additional elements on these areas, as and when they are published. This will require an arrangement similar to that which provides for dissemination of MIS to the 25X1X7 [redacted] which is set forth in IAC-D-45/12 (Revised), dated 21 July 1952.

There is attached, for your information, a list showing the MIS elements that have been published on the above-listed areas, and also the MIS elements now in process in D/B, and those scheduled for production during the current fiscal year. The published MIS elements and those in process in D/B have not been controlled, but the producing agencies may place a control statement on some of the elements scheduled for production in this fiscal year, which would preclude dissemination of these elements to foreign governments.
